EXPERIENCE

IT Work — Voya Financial · Industrial Piping Specialists · American Airlines · City of Tulsa
2021 – 2025

Software engineering and IT support across financial services, industrial, airline, and city government environments (Dallas TX and Tulsa OK). Day-to-day technical support through ServiceNow ticketing — diagnosing problems, documenting fixes, and resolving issues for end users and internal teams. Built and maintained business applications on AWS and Azure, monitored production systems with Datadog, Dynatrace, and AWS CloudWatch, and served as onshore lead at Voya Financial, running delivery, code reviews, and Power BI reporting for leadership.

Artisanos Cafe and Bakery — Barista
2019 – 2020

Barista and customer service at a campus coffee shop and bakery: preparing espresso and coffee drinks, serving bakery items, operating the register/point-of-sale, and keeping the counter and seating area clean and stocked.

Chipotle — Crew Member
2015 – 2018

Customer service, food preparation, and point-of-sale/register work in a high-volume fast-casual restaurant. Served guests on the line and at the register, kept stations stocked and clean, and worked as part of a fast-paced team during peak hours.

Banana Republic — Sales Associate
2014 – 2015

Retail customer service and sales support: helping customers find styles and sizes, fitting room assistance, point-of-sale/register operation, and keeping the sales floor stocked, folded, and presentable.

SKILLS

Support & Service — Technical troubleshooting, ServiceNow issue management and ticketing, end-user support, customer service, point-of-sale systems

Technology — Windows, Android, Linux; AWS (EC2, RDS, S3, CloudWatch), Azure; hardware and software setup and problem-solving
